To: Mayor and Members of Council,

I am writing this letter in regards to Report #2021-54, that the MOU between the City of Port Colborne and Port Cares for an affordable housing development should not be approved until a decision on the Zoning By-law Amendment #D14-04-21 has been concluded. Furthermore, that my concerns and questions from the public meeting be addressed before any further action is taken regarding the sale of Chestnut Park including the aforementioned MOU.

It was the direction of council to not have questions directly answered at the public meeting, and that staff respond via email, in a FAQ section online and in the staff report due back to council sometime in early March.

Sincerely,

Melissa Bigford
