Pages

4. Public Meetings

4.1. Stop up and Close Borden Avenue, 2022-55

- *a. Delegation material from Ken Busch, Wendy Busch and Merle Neilson, residents

1

Please note the following information regarding the diagrams provided for Lot 15 and Lot 16.

- Garage at 848 Steele Street, built 1945-1950
- Garage at 232 Knoll Street, built 1960-1962
- Garage existed on the back property at 860 Steele Street, Early 1900's
- Gravel, Plowing and Maintenance has been provided by Generations for 60+ years.
- Barricade installed 1973

Note: Regarding Barricade

A City Council meeting was held and approved to install the Barricade with agreement

- Mr Enn's cut the grass in the field
- Mr Ken Busch Sr. would continue to maintain road allowance
- With the understanding that nothing would be done with the Land (Road Allowance).
- In 1968 at 860 Steele Street, the side yard was Mud + weeds. Grass was installed in early 1970's and still remains.
- A drainage issue already exists at 848 Steele Street. The property located on the southside is already higher. An addition lot with elevation would only compound the issue.
- For the past 35 years, 848 Steele Street has had the existing grass/yard. A chain link fence was on the property at this time and has since been upgrade twice.
- Property at 848 + 860 extend into the road on Steele Street Is this a liability concern for the owners.
